THANK YOU!

Woman of Impact nominees are changemakers, dedicated to making a lasting impact on the health of our community. Each year a select group of individuals are nominated to be a part of this initiative because of their passion and drive to make a difference. During our 9-week campaign the nominees brought together their own network to form impact teams, set goals, raise funds; all to have a direct impact on our community.

We want to celebrate this special group of women for the overall impact they have had on our mission and community.
